

# IT'S A MIGHTY FINE MACHINE

## Costs the Taxpayers Heaps of Money.

### Must Not Be Interfered With, Because God's Own Are Interested.

#### How Road Supervisors Help Carry Salt Lake County for Smoozied Republicans.

Machine politics is a mighty expensive thing. At least a machine like the present Anderson-Callister-Eldredge Salt Lake county Republican organization makes politics so.

The beauty of this machine is that the people pay the freight.

There are more ways than one in procuring the wherewithal to keep the machine greased. There are so many in and out to the machine methods that an ordinary mortal cannot see one-half of its workings.

There is sufficient on the surface, however, to justify the statement that Tammany was never "in it" with the L. D. S. L. machine. If it were not possible to extract from the county treasury sufficient sums to keep the machine in order it would soon go to pieces. That is why such a desperate effort was made to elect the particular parts of the machine to office last week.

Without the offices there is no chance for assessments. Without the offices there is no way available to the treasury. Without direction of the pauper funds into certain channels there is no means of building up a personal following.

The real directors of the machine never "touch up." They work the little fellows and help the little fellows work the general taxpayer.

The Tribune has heretofore called attention to the reckless expenditure of public moneys. This was in the heat of a campaign. Some said the statements were made to deceive the public. These charges were the only answers the guilty ones made to the claims of the Tribune.

#### Jones Matter Will Not Down.

Though it was pointed out that an appointment of the county commissioners to the office of the county auditor was a matter of little importance, the matter was passed on to a trial which will be held on the 15th. But suppose it had been \$125 or \$13.50, the result would have been the same. The jury is a servant of the machine. As a matter of fact, the jury is a servant of the machine. As a matter of fact, the jury is a servant of the machine.

Many other acts of omission and commission were pointed out. The story was the same—the fault was condoned because to correct it would be to "upset" a wheel of the machine.

The campaign has ended, but this does not lessen the real interest of the taxpayers in the Salt Lake county administration. It does not mean because the machine, by the grace of the popularity of the President and the "other arrangements" made, that the taxpayers approve of the shady, dishonest methods of the Anderson-Callister-Eldredge machine.

The taxpayers are just as much interested in an honest and businesslike administration today as they were a hundred years ago.

But they have not had it. Nor will they unless there is a change in the methods.

#### How Supervisors Help Machine.

Attention was called some time ago to the manner in which the county supervisors of roads were brought into action in the interest of the machine. It was a bit of the reading for the fellow who is in digging up enough money to keep his name from being forgotten by the machine.

Those small taxpayers—the wage-earners who have skimped themselves in order to get a little home—are always pleased to see the politicians who vote with the money they pay into the public coffers. They like to see how beautifully the machine directs that every vote with the money they pay into the public coffers. They like to see how beautifully the machine directs that every vote with the money they pay into the public coffers.

Look at the October payrolls for Salt Lake county—the account covering "roads and bridges." It is paid in large measure to the supervisors of the roads. The supervisors did not all turn in time last month. A few did not turn in time in October last year. Those districts that sent in rolls in October, 1903, and last month follow:

District.	Oct. 1903.	Oct. 1904.
1	152.87	7,702.41
2	112.50	1,112.50

Increase over 1903, \$102,750. An analysis of this shows that it cost the taxpayers \$102,750 to help elect the machine candidates. Pretty nice little sum. More than the entire value of seven out of every ten men and women who contribute to the support of Salt Lake county. It was paid in large measure by men who have to sacrifice food and clothing for themselves and their families in order to be able to go to the

Your grocer returns your money if you don't like Schilling's Best.

County Treasurer and pay their assessments. There is no reason why the voters of 1904 should be materially different from those of 1903, excepting that there was an election this year and there was not last year.

It costs money to run a political machine.

Machine politics is mighty expensive to the fellow who pays his taxes. The Herald makes some interesting observations on the Seventh district election contest, in the following editorial:

On the face of the returns W. D. Livingston has been elected Judge of the Seventh district by a plurality of less than 25 votes. President Roosevelt carried the district by a plurality of something like 200. With one or two possible exceptions practical-ly no Republican candidate for county or legislative offices in the Seventh district was elected by a handsome majority. The Republican State ticket ran about 200 votes ahead of the Democratic State ticket in the Seventh district.

Does Mr. Livingston understand what this means? In the first place, it means that the voters of the Seventh district have beaten by a large majority had been running in anything but a Presidential year. He would have been beaten anywhere except in the Roosevelt landslide.

Doubleless many more than 200 voters in the Seventh district desired to vote against Livingston, but feared that if they scratched his name they might invalidate their ballots. They were more desirous of the election of Roosevelt and of other Republican nominees than of the defeat of Livingston.

In the second place, the narrow margin secured by Livingston means that the people are awakening to the necessity of voting for the best man for judgeship, regardless of politics. Was he thoroughly satisfied that a majority of the voters of the Seventh district will freely concede that Mr. Livingston would have been a better judge. In many ways Livingston showed, during the campaign, his utter and absolute unfitness for the position.

He was a partisan of partisans. Here in Salt Lake he made a violent partisan speech and he repeated and emphasized that speech in many places in his district. It was charged that Livingston assured the nomination by methods that merit a grand jury investigation. On that point we do not desire to speak. It certainly is true, however, that unless Livingston is removed from the bench, he will be defeated just as quickly as the people get a chance at him.

If a new Smootized Republican paper is really in demand, and enough cash cannot be raised to properly equip it, why not buy one of the subsidized weeklies outright and let it go at that?

Judge Powers's declaration that the American party encompassed his defeat by causing Mormons to band together, was a statement that Utah Mormons stood loyally by him as the Democratic nominee for Congress, are a pair of assertions that have provoked many a laugh on the general public.

January 1 is now the date when the new "Republican" paper which Chairman Spry, George Sutherland and others are to issue, will make its appearance. Some of the L. D. S. L. Republican leaders talk as though they are really in earnest about the matter. They agree that for a time it will be issued from the Deseret News printing plant and that it cannot be expected to be self-sustaining for a year or two. If it is started, it will be a morning paper to "compete" with The Tribune and the Herald.

Tonight the Smootized Republicans will meet at the Salt Lake Theater to raise the election of the Utah State band quartette and the Utah State band will furnish music. E. H. Callister will preside and will give a speech as promised by Senator Reed Smoot. Congressmen Howells, Gov-elect Cutler, George Sutherland, Secretary J. T. Hammond, Louis Cobb, Col. George B. Allen, "Fussy Jimmy" Theodosius Borkin, H. E. Root, Glen Miller and Chris Reed, will be present. He has gone to Texas.

Col. Price's master of ceremonies and gives a personal guarantee that no speaker will be permitted to occupy more than five minutes.

Citizens of the Fourth precinct are urging the nomination, as members of the Board of Education of Thomas Weir and W. F. Cotton. Both are foremost citizens, and would make first-class officials.

The services rendered by Mr. Colton as chairman of the finance committee of the board, Mr. Dooly's presidency of the board, would make his selection especially desirable in the present haphazard condition of the school properties.

When Blomach, try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by all leading druggists.

#### WILL CONTEST ELECTION.

Both Erickson and Livingston Will Take Up Case Regardless of Court.

Special to The Tribune.

PRICK, Utah, Nov. 14.—During the official election of the Salt Lake county last Tuesday, the closest run was between Hon. Ferdinand Erickson and Mr. W. D. Livingston. Both candidates for the judicial seat in the Seventh district. Erickson said today that if the return, as counted, gave Livingston the election, he will contest the count. He has no claim on the alleged illegal registration in Carbon county's coal camps. These registrations are alleged to be the work of men, families in Emery and Sanpete counties who came here during the recent mine strike troubles. It is also the understanding that Livingston will contest the returns show the election of Erickson.

#### Canvassing the Returns in Weber.

Special to The Tribune.

GOLDEN, Nov. 14.—The Board of County Commissioners today began the canvass of the returns of the recent election. Seven precincts, all in Ogden, were gone over today. It is likely that it will take three days to complete the recount. So far no material changes have developed. The only possible office that can be affected is that of District Judge, and the official count, as far as it has gone, has shown no change.

The best evidence at hand tonight is that Judge Howell leads Judge Rolapp in Morgan and Davis counties by a total of 15 votes. The precincts of Morgan and Davis counties have been counted. An official count has been completed. Mr. Morgan has changed his vote from the former count. Howell leading by 39. In Davis it is discovered that an error was made in the returns, decreasing the Howell majority over Rolapp by 24, leaving his majority 15. In Ogden City have been canvassed and no change has been discovered. It is impossible for Rolapp to gain a sufficient number of votes in this county to overcome Howell's lead.

#### DAY BILL ATTACKED.

Act Which Prohibits Co-Education in Kentucky Before Court.

NICHOLASVILLE, Ky., Nov. 14.—The constitutionality of the Day bill, which prohibits co-education of white and colored pupils, was attacked here today by John G. Carlisle upon a demurrer to an indictment found against Berea college. The case was only partly argued, when, by agreement, leave was given to file briefs, and the case was set for the February term of the Madison County Circuit court. Berea college, it is said, is not now receiving colored pupils, it is said, at the beginning of the school year, and pupils were admitted and the college was indicted. It is expected this will be a test case and will go to the Court of Appeals.

# STORM RETARDS WIRE TRAFFIC

## New York and the East Isolated.

### Snow and Wind Play Havoc With Telegraph and Telephone.

#### Fall of the Beautiful Was Very Heavy, and Also Very Wet Snow.

NEW YORK, Nov. 14.—The storm which swept through the Atlantic States from the Gulf yesterday and last night, developing into a gale of hurricane force as it moved up, resulted in the most complete tie-up of wire communication that the East has experienced since the memorable snowstorm of 1888, disarranging train schedules, paralyzing trolley lines and piled several wrecks along the coast.

#### Rain and Snow, Too.

A downpour of heavy rain and snow which accompanied the storm added to the destructive force of the gale. Telephone and telegraph poles were down by the weight of snow and ice, encrusted wires gave way before the sweep of the wind and whole sections of country were cut off.

#### Telegraph Service Paralyzed.

Both the telegraph and the telephone companies with long-distance wires today reported their fields of operations restricted to the territory bounded on the west by Philadelphia, on the east by Boston and on the north by Newburg, N. Y.

#### Brokers Practically Helpless.

The big brokerage concerns in Wall street, many of whom under normal conditions operate thousands of miles of wire, today found themselves practically helpless. The exchanges were more fortunate and the only quotations received from Chicago and New Orleans were the market reports of the Associated Press.

#### Railway Traffic Retarded.

The general breaking down of the wires was almost entirely responsible for trouble on the railroads. The movements of trains could not be reported and delays extending into hours in many cases were reported.

#### Mariners Warned.

That no more disasters at sea resulted from the gale probably was due to the early warning of the approaching hurricane sent out by the weather bureau. Bulletins sent out Saturday afternoon told of the gale that would sweep the coast, and cautioned all mariners against leaving port.

#### Had Narrow Escape.

Two "trustees" and a keeper employed on Riker's island during the storm started in a small boat from the island to One Hundred and Thirty-eighth street to get the New York keepers. After considerable work they managed to get out into the river, where the wind seemed to increase, and the three men were unable to reach the mainland, the boat being swept down the river to South Brother island, where it was beached and the occupants escaped.

#### WIRE SERVICE PROSTRATED.

#### Wet Snow Paralyzes Business in City of Albany.

ALBANY, N. Y., Nov. 14.—Wet snow that fell today broke down every telephone and telegraph wire in this city and in the suburbs. The night was more than half the city was in darkness from interrupted light circuits. The fire alarm service was so crippled that special precautions were taken by the police to give warning in case of fire. The snow was not over four inches deep, but so heavy that trolley traffic was almost entirely paralyzed and trains entering the city averaged an hour late. It is the worst snow storm in Albany since experienced since the storm of 1888.

#### Minister Threatened by Woman.

NEW YORK, Nov. 14.—According to stories printed today, Dr. William S. Rainsford, rector of St. George's Episcopal church and one of the best known clergymen in the city, was threatened by a woman while in his church on Sunday. Published accounts say that the woman rushed into the rector's study with a revolver and threatened to kill him. Mrs. Byron was taken into custody and later released.

#### Col. Leutwein's Retirement.

BERLIN, Nov. 14.—Col. Leutwein's retirement from the Governorship of German Southwest Africa is much discussed. The news general expression that he has been too optimistic in his judgment of the natives and did not comprehend the treacherous character of the chiefs.

#### Gives Relief Quickly

#### Regular Use of Hyomei Cures Most Stubborn Case of Catarrh.

No other medicine gives such prompt relief as Hyomei in the treatment of catarrh. The first breath of this remedy soothes and heals the irritated and smarting air passages, and the regular use for a few days or weeks will cure the most stubborn cases. Some of the reports of those who have been cured of catarrh by Hyomei read like miracles. The complete Hyomei outfit costs but \$1.00, consisting of an inhaler, dropper and sufficient Hyomei to last several weeks. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use may be necessary, and then extra bottles of Hyomei can be obtained for 50c.

Probably the strongest evidence that can be offered as to the power of Hyomei to cure catarrh is the fact that P. C. Schramm will agree to refund the money if you say that Hyomei has not helped you.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume. Address World's Dispensary Medical Association, Proprietors, Buffalo, N. Y.

#### Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Prolapse of the Uterus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I used four bottles of your Favorite Prescription" writes Mrs. Elmer D. Shearer, of Mount Hope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Everyone who knows me is surprised to see me look as well. In June I was so poor in health that I could not walk. Today I am cured. I tell everybody that Dr. Pierce's medicines cured me."

# Thousands of Women Have Kidney Trouble and Never Suspect It.

Almost every one, from personal experience, knows that the effects of any kind of severe physical strain are felt, first of all, in the small of the back—in other words, in the Vital Organs, the Kidneys. This is as true in the case of the very powerful as it is with one of less strength, and it is especially true whenever the kidneys are weak or out of order.

The Great Kidney Remedy, Swamp-Root, strengthens the kidneys and through them helps all the other organs.

WOMEN suffer untold misery because the nature of their disease is not always correctly understood; in many cases when doctoring, they are led to believe that womb trouble or female weakness of some sort is responsible for their ills, when in fact disordered kidneys are the chief cause of their distressing trouble.

#### Don't Know I Had Kidney Trouble

I had tried so many remedies without benefit that I was about discouraged, but

Perhaps you suffer almost continually with pain in the back, bearing-down feelings, headache and utter exhaustion. Your poor health makes you nervous, irritable and at times despondent. But thousands of just such suffering or broken-down women are being restored to health and strength every day by the use of that wonderful discovery, Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

Not only does Swamp-Root bring new life and activity to the kidneys, the cause of the trouble, but by strengthening the kidneys it acts as a general tonic and food for the entire constitution.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince anyone—and you may have a sample bottle sent free by mail.

In taking Dr. Kilmer's Swamp-Root you afford natural help to nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has ever been discovered. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

fered untold misery. I became weak, emaciated and very much run-down. I had great difficulty in retaining my urine, and was obliged to pass water very often night and day. After I had used a sample bottle of Dr. Kilmer's Swamp-Root, sent me on my request, I experienced relief and I immediately bought of my druggist two large bottles and continued taking it regularly. I am pleased to say that Swamp-Root cured me entirely. I can now stand on my feet all day without any bad symptoms whatever. Swamp-Root has proved a blessing to me. Fully yours, MRS. E. AUSTIN, 19 Nassau St., Brooklyn, N. Y.
